SOFT SERVE BEST PRACTICES

STORAGE SHELF LIFE

- DOLE SOFT SERVE® Mix 18 Months when stored unopened in a cool dry place

HANDLING

- Dry Mixes should be rotated following the "First In - First Out" principle and should not be used beyond their code or best-by date
- Transferring mix to the freezer supply tank should be done in a manner that prevents contamination; wear gloves, use sanitized utensils, do not recover spilled product
- Keep fresh sanitizer solution handy; use clean towels immersed in sanitizer solution for clean-ups

CLEANING & SANITATION

- Follow the manufacturers' instructions for your specific equipment cleaning procedure
- The washed parts should be allowed to air dry and inspected before they are sanitized and reassembled
- Only properly formulated cleaners and approved sanitizers should be used.
- Common household and glassware detergents are not satisfactory for cleaning soft serve/ice cream freezers
